

In the picture there's a **room**. In the middle of the room there is a **round table**. The table is for eating. But on the table there are **some toys** and a **glass** now. Pepa probably brings this glass to the pub with him. And under the table there are also **some keys**. Are they Pepa's keys? What do you think?

Behind the round table there is a **big window**. On the window there's a **flower**.

To the right of the window there are **two pictures** on the wall. Under these pictures there's **another table**. It's a table for writing. The table is new and nice. On the table there is a **long dog** right now. It's probably sleeping there. In front of the table and the dog there is a **chair**. On the chair there's a **nail**. So, be careful and don't sit there!

To the left of the window there is a **clock**. It's on the wall. Under the clock there's a **door**. Behind the door there's probably a director's office because there's a **sign** on the door. It says: DIRECTOR.

In front of the round table (which is in the middle of the room) there are **two animals**. A sheep and a dog. And there are also **two people**. To the right of the animals there is a **pupil** and to the left of the animals there is a **teacher**. Isn't he Pepa? So, the dog is between the teacher and the sheep, and the sheep is between the pupil and the dog.

Can you draw a picture of the room for me, please?
